**OUR VIEW :** We came into existence in year 1992 A.D. to meet the requirement of quality construction in the residential and industrial sector in and around Vapi, Daman, Silvassa and surrounding area of Vapi. In a almost two decade we have built up a strong foundations for commercial buildings, residential buildings, residential

bungalows, machine foundations, road work, steel structural work and all types of civil work. We are known for our time frame commitment, quality construction and costumers responsiveness. We have also taking challenging assignments, which is an essential element of successful construction. Our well established Head office at Chanod, Vapi nearer to various Industrial Estates. We have established ourselves as a capable and resourceful civil contractor having vast experience of constructing various types of industrial, commercial, residential building, residential bungalow, institutes and infrastructure work.

#### **HISTORY: M. & A. CONSTRUCTION CO.**

In 1992 Mr. Mahendra Ramsurat Yadav laid the foundation of M. & A. Construction co. (Mahendra & Associate Construction Co.) to cater to the needs of quality construction in the field of industrials sector in and round Vapi, Silvassa, Daman and other surrounding area of Vapi. We have built up industrial building, Commercial building, residential building, residential bungalows, machine foundation, road work, steel structure work, effluent treatment plant, over head tank, under ground tank, bitumen asphalt road, RCC road all kinds of civil work and all type earth work. Since two decade under dynamic leadership of Mr. Mahendra Shanker Ramsurat Yadav the companies under taken civil work of reputed projects of multinationals and domestic companieshis professional business keenness have brought significant laurels. Mr. Mahendra Shanker Yadav establish healthy business relation with valued customers through quality services, time schedule and economy nave resulted in repeated orders from various organization such as "HINDUSTAN LEVER LTD. Docmandi, Sayali, INDIAN OIL CORPORATION LTD. Karajgam, H.M.P.LTD. Alwar-Raj, SANMAR SPECIALTY CHEMICAL LTD. Dadra, RACHANA PLASTILIZERS, piparia, Ultra Woven – Kharadpada keeping work load and to meet the requirement of our valued customer repeated order out of Gujrat that is from Alwer (Rajasthan), Indore (M.P.) in view Mr. Mahendra Shanker Yadav laid the foundation of M & A BUILDCON PRIVATE LIMITED as his associate co. under the leadership of Mr. Rajbahadur Yadav.

**M. & A. BUILDCON PVT. LTD.:** Although our two organizations namely M. & A. Construction Co. (Mahendra & Associate Construction Co.) is already existent in the field of construction work, but Mr. Mahendra Shanker Ramsurat Yadav established healthy business relation with valued costumers through quality construction services, time schedule, economy and using modern technology have resulted repeated orders from various organizations out of Gujarat state such as M/S Jai Corp Ltd, M/S Creative Propack Ltd, M/S SRF Limited etc. all organizations from Special Economic Zone(SEZ) at Pithampur, Indor(M.P.) in view Mr. Mahendra Shanker Ramsurat Yadav laid the foundation of M. & A. Buildcon Private Limited. Under his and Mr. Rajbahadur Yadav's leadership.

**WHO WE ARE? :** M. & A. Construction Co. (Mahendra & Associate Construction Co.) was formed in the year 1992 to meet the requirement of quality construction in the residential and industrial sector of Vapi. Soon we provided the services to Dadara and Nagar Haveli (UT) and Daman (UT). Also expanded our wings to north India and western India region. In the almost two decade we have built up a strong foundations for commercial buildings, residential buildings, residential bungalows, machine foundations, road work, steel structural work and all types of civil work. We are known for our time frame commitment, quality construction and costumers responsiveness. We have also taking challenging assignments, which are essential elements of successful construction. We have established Head office at Chanod, Vapi nearer to various Industrial Estates. We have established ourselves as a capable and resourceful civil contractor having huge experience of constructing various types of industrial, commercial, residential building, residential bungalow, institutes and infrastructure work. Our vision is to become one of the leading infrastructures building company in India and we are moving towards that goal.

**MISSION :** To provide construction services in a professional manner to exceed the necessity of our valued client. We always believe in quality construction, timely execution and cost effective solutions in the field of construction that has satisfied our client. Backed by a dedicated and qualified team of engineers, technical staff and trained man power delivering desirer results to our clients has been our forte. The entire team of our organization dynamically charged possessing ability to face any challenge offered by the construction segment.

### **METHODOLOGY : MEETING WITH CLIENT**

We always work in close coordinate with our clients and architect if offer to make change in established method or desirous by client so that project work can be under taken as per client satisfaction, keeping budget and economy factors in view with entire contribution of our dedicates & well experienced civil engineers, supervisors and trained workmen team. We believe and becoming a part of right from planning stage to ultimate execution part. Our organization has achieved his name in completion of projects well before time frame. The organization boasts of excellent team of ancillary work arrangements and experience in the field of building construction.

**INSPECTION :** Stage wise inspection is being carried out by our qualified engineers during course of construction work as and when deemed necessary and on requirement of our client.

**OUR ASCERTAINMENT :** Construction process is and art and our organization have nobility amalgamation of people experience and professionalism to give like to your imagination. Our organization always serves to our costumers with quality construction services to their projects. We always work with time schedule and to produce unique construction work. We believe in a policy of transparency, fair and honest approach and long terms visions.

**OUR AIM :** Our organization always believes in quality construction, time schedule and economy by adopting latest modern technology.

**OUR VALUES :** We believe in stability integrity and quality in every project.

**BUSINESS POLICY :** We consider each Clint to be our asset and this is due to responsiveness that we have earned trust and a quality name in field of construction of industries using latest technology. We always keeps in mind the budgetary limit of our Client projects. We insure a professional project management leading to completion of assigned project even a head of schedule time.
